

Public Rights of Way Inspection and Maintenance Cycle

Created - January 2023

The table below shows when routine maintenance works that WSCC is responsible for, such as signage, small bridges, steps and surface vegetation clearance (not covered by our Summer surface vegetation clearance programme), is scheduled to be carried out. Occasionally work is delayed, for example by the weather or if other more urgent works are required elsewhere. Paths are inspected a month or so before works take place.

Parishes marked * have at least some 'urban' rights of way which are inspected by WSCC Highway Inspectors and not by the Public Rights of Way team. Maintenance for these paths may take place at times other than those shown

Parish	Month of works delivery
Albourne	March 2024
Aldingbourne	June 2024
Aldwick *	May 2023
Amberley	September 2023
Angmering *	February 2024
Ansty & Staplefield	January 2024
