The Order also consolidates the existing 40 MPH speed Limit on the length of London Road (A273)/(B2036) unaffected by the new restriction described above.

West Sussex County Council
(Burgess Hill) (London Road (B2036)) (Restricted Road) And (London Road (A273))/(B2036) 40 MPH Speed Limit Consolidation) Order 2024

Statement of Reasons for Proposing to Make the Order

West Sussex County Council proposes to make a permanent Traffic Regulation Order that will lower the speed limit to 30 MPH on London Road (B2036) in Burgess Hill, from a point immediately north of its junction with Jane Murray Way (A273) northwards to the existing 30 mph speed limit 160m south of its junction with Station Road.

A resident of London Road has applied for a review of the current 40 MPH speed limit on London Road. An assessment of the speed limit on the road was carried out by WSCC highway officers and after considering factors such as the urban nature of the route and current traffic speeds, it was found that under the current speed limit policy, the most suitable speed limit for the road is 30 MPH.

It is therefore proposed to designate this section of London Road as a Restricted Road, which has the effect of removing the 40 MPH speed limit and enacting a 30 MPH speed limit by virtue of the existing street lighting.

The current speed limit Order for the 40 MPH speed limit on London Road includes a section of the A273. To ensure the speed limit on the A273 is retained, the proposed order consolidates the 40 MPH speed limit on the length of road unaffected by the new restriction described above.

The new order is therefore proposed to avoid danger to persons or other traffic using the affected lengths of road.

The attached drawing, numbered MDS2315 shows the length of road affected by the proposed order.
